

## **Seismic Interpreter Wanted**

### **Exploration Division, Exploration & Production Business Division, CPC, Taiwan**

The Chinese Petroleum Corporation (CPC), Taiwan, is seeking an experienced seismic interpreter to work in Miaoli office, Taiwan, for 6 months. The candidates must have more than 10 years of industrial experience as a seismic interpreter and is capable of interpreting complex structures with poor-quality seismic data. Landmark workstation interpretation skill of 2D and 3D seismic data is essential. Integration of seismic, well, as well as outcrop data is necessary for reliable interpretation. Interpretation skill of geological structures beneath thrust zones is a plus.

CPC offers a great compensation package plus hotel accommodation and round-trip airline ticket.

If you are interested in the position, and would like to know the details of the compensation package, please contact CAPA president Dr. Xijin Liu (email address: [xijinliu@yahoo.com](mailto:xijinliu@yahoo.com), Phone: 832-486-2275).
